CHRISTIAN BOURLIER

TECHNICAL SOLUTIONS PARTNER

## I build the system AND close the deal.

THE APPROACH

- Diagnose first, build second.
- POCs in days, not quarters.
- I build people who build systems.

THE RARE COMBINATION

- **8+ years** data engineering
- **20 years** closing deals
- **10 years** poker pro

OPEN TO

- Solutions Architect
- AI/ML Solutions Engineer
- Technical Account Manager
- AI Strategist

Google Cloud Certified — PROFESSIONAL CLOUD ARCHITECT

Google Cloud Certified — PROFESSIONAL DATA ENGINEER

CURRENTLY BUILDING

OptiMeasure
Cookieless attribution engine - MMM lite

PROBLEM
Cookie deprecation is breaking attribution; black-box solutions self inflate contribution

WHY NOW
Privacy regs accelerating—marketers need trust

CacheBash
Mobile app to connect mobile to desktop CLI

PROBLEM
Claude Code users are desk-bound— step away and lose momentum/context

WHY NOW
AI-assisted dev exploding, async doesn't exist

AI-Augmentation Portal
SPA to empower AI workflows in everyday tasks

PROBLEM
People adopt AI tools but can't systematically integrate into workflows

WHY NOW
Everyone's experimenting, few compound gains

IMPLEMENTATION

Python	SQL	GCP	BigQuery	AWS	Snowflake	ETL/ELT	React
AI + HI	Attribution	Data Strategy	Clean Rooms	Dashboarding	Prompting	Mobile Apps	Privacy
